

MOTUL 300V FACTORY LINE RACING KIT OIL 2172H 0W-30 4T

DESCRIPTION

Lubricant specifically developed with Honda for the 1000 CBR RR HRC KIT (Honda Racing Corporation).

Use only when the technical book provided with the HRC KIT recommends MOTUL 300V Racing Kit Oil 2172H 0W-30.

APPLICATIONS

Specifically developed for maximum power output and maximum engine reliability on the Honda 1000 CBR RR equipped with the Honda HRC Grade 0W-30 and Ester technology new generation to comply with Honda Racing Corporation requirements.

Tribologic tests performed have allowed selection of lowest traction coefficient Ester for this application Honda HRC. Low traction coefficient reduces engine internal friction and therefore power output increase.

The specific developpement of the formulation for Honda HRC KIT allows a better wet clutch lock up and increases the power transmitted to the rear wheel.

Engine condition and reliability of moving parts are increased due to a specific choice of last generation additive.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice
