

DPF CLEAN

Diesel

Diesel DPF cleaner

Additive to add to Diesel fuel

TYPE OF USE

MOTUL DPF Clean is a high-performance additive for use in all diesel aggregates to reduce soot and exhaust gas emissions and to increase engine performance. Compatible with all diesel engines without on-board additive dosing system and suitable for all kind of diesel fuels.

PERFORMANCE

Only a clean fuel system guarantees optimal operation of all system components, an efficient engine performance and minimum exhaust emissions.

Protects the diesel particulate filter and the environment.

Reduces soot formation and supports the regeneration of the diesel particulate filter.

Increases cold start properties.

Regular use helps to keep the filter clean and avoids expensive repair works.

RECOMMENDATIONS

Add regularly every 2.000 km right before filling up the tank.

Sufficient for 40-60 L of diesel fuel.

Product works during operation.

SECURITY

Refer to the MSDS sheet and the information mentioned on the product label.
