

Moto Wash

Concentrated cleaner for bikes

Biodegradable

Trigger spray

TYPE OF USE

Powerful cleaner for the whole motorcycle.

All surfaces : Plastic, synthetic fabrics, paintwork, varnish, metal,...

For Motocross races where BIODEGRADABLE products are especially recommended by the organizers.

PERFORMANCES

Efficiently removes all traces of grease, dust, soil, mosquitoes, brake pad residues,...

Dries evenly.

Leaves a dry anti-corrosion film.

Protects paintwork and varnish.

Biodegradable: MOTUL® Moto Wash is environment friendly. Biodegradable in 28 days at 96.6% (inherent biodegradability) according to OCDE 302B method.

RECOMMENDATIONS

Rinse surface, then spray over the entire vehicle.

Let stand 2 minutes.

Scrub with a sponge.

Rinse thoroughly with water before the product dries.

Do not use Moto Wash under the sun or on hot surfaces.

Store above 5 °C and protect from freezing. Temporary thickening may occur at low temperatures. If frozen, allow the product to thaw completely and shake before use.

SECURITY

Refer to the MSDS sheet and the information mentioned on the product label.
