

MI-TECH 0W-20

Fuel Economy Gasoline Engine Oil

100% Synthetic

TYPE OF USE

Designed for fuel economy performance and provide ultimate level of power especially for recent gasoline engine designs. Suitable for turbo or naturally aspirated gasoline engines, equipped with catalytic converters.

Suitable for all gasoline engines using leaded or unleaded gasoline, LPG, Autogas fuel. E85 fuel compatible.

All driving conditions: City, Road, Highway.

PERFORMANCE

STANDARDS API SP

Designed to meet API SP specifications. Provides exceptional engine protection, improved fuel economy and greater power when compared to more viscous products.

Formulated with latest technology to ensure emission control systems durability. The high performance anti-wear additive results in reduction of engine internal frictions and increases engine life duration by reducing wear.

Excellent anti-oxidation preventing premature oil thickening and ageing due to thermal stress. Very efficient anti-deposit and anti-black sludge power which maintains a clean engine. Anti-corrosion, Anti-foam properties.

RECOMENDATIONS

Drain period: according to manufacturers' recommendations and driving patterns.
