

TRD Sport Engine Oil 5W-30

Gasoline Engine Lubricant

100% Synthetic

TYPE OF USE

TRD Sport Engine Oil 5W30 is a high performance 100% synthetic **Fuel Economy Engine Oil** endorsed by TOYOTA RACING DEVELOPMENT (TRD). It was developed from the collaboration between TRD and MOTUL.

It is specifically formulated with unique technology to protect emissions control systems in gasoline passenger cars without any compromise in racing performance.

Suitable for any type of Gasoline engines either natural aspiration or turbocharged, especially calling for API SP and/or ACEA C3 performance. Compatible on engines meeting Euro IV and EURO V emission regulation.

PERFORMANCE

STANDARDS API SP
 ACEA C3

TRD SPORT ENGINE OIL 5W30 delivers fuel economy and provides exceptional engine protection. Formulated with the latest technology to ensure emission control systems durability. The high performance anti-wear additive results in reduction of engine internal frictions and increases engine life duration by reducing wear. Excellent anti-oxidation preventing premature oil thickening and ageing due to thermal stress. Very efficient anti-deposit and anti-black sludge power which maintains a clean engine. Anti-corrosion, Anti-foam properties.

RECOMENDATIONS

Drain interval: according to manufacturers' recommendations and tuned to your own use. Do not mix with lubricants that are not ACEA C3 compliant.

PROPERTIES

Viscosity grade	SAE J 300	5W-30
Density at 20°C (68°F)	ASTM D4052	0.848
Viscosity at 40°C (104°F)	ASTM D445	71.9 mm²/s
Viscosity at 100°C (212°F)	ASTM D445	12.3 mm²/s
Viscosity index	ASTM D2270	172
TBN	ASTM D2896	8.2 mg KOH/g
