

MOTUL ALL IN ONE ULTRA GASOLINE

Concentrated Petrol multi-action cleaner
Curative fuel additive to add to Petrol
Bottle 300 ml

TYPE OF USE

MOTUL® ALL IN ONE ULTRA Petrol is a complete concentrated multi-action curative cleaner for all types of petrol engines. It is suitable for engines with injection systems or carburetors, naturally aspirated or turbocharged, with or without catalytic converters or particulate filters, and is compatible with all types of petrol fuels including leaded or unleaded petrol, Ethanol blends, LPG, and biofuels. MOTUL® ALL IN ONE ULTRA Petrol is also fully compatible with E10 fuels (Ethanol 10%).

This concentrated petrol additive effectively cleans deposits and fouling inherent in the operation of injectors and fuel delivery systems, thanks to its multi-action properties. It helps limit:

Injector nozzle fouling

Condensation in the fuel system

Gumming in the injector or carburetor

Dirtying of combustion chambers and inlet valves

During cleaning, MOTUL® ALL IN ONE ULTRA Petrol provides perfect lubrication and prevents removed micro-particles from depositing. By removing deposits and clogging from valves, injectors, and combustion chambers, it enables optimal combustion to restore engine performance. The product also increases the Octane number of the fuel, achieving powerful combustion, reducing fuel consumption, and lowering exhaust gas and particulate emissions.

MOTUL® ALL IN ONE ULTRA Petrol additionally protects the complete fuel system against corrosion, making it ideal for fuels with higher Ethanol content (E5 and E10).

Dosage and Tank Size: One bottle of MOTUL® ALL IN ONE ULTRA Petrol is specially formulated to deliver full cleaning and protection performance in fuel tanks up to 100L. In larger tanks above 100L, the additive continues to provide effective benefits with a proportionally reduced concentration, ensuring ongoing cleanliness and protection throughout the system.

We retain the right to modify the general characteristics of our products in order to offer to our customers the latest technical development.

Product specifications are definitive from the order which is subject to our general conditions of sale and warranty.

MOTUL ALL IN ONE ULTRA GASOLINE

Concentrated Petrol multi-action cleaner
Curative fuel additive to add to Petrol
Bottle 300 ml

PERFORMANCES

A clean fuel system is a necessary condition for optimal engine operation (good combustion). MOTUL® ALL IN ONE ULTRA petrol therefore makes it possible to:

- clean the carburettors or the injectors (for a better fuel atomization)
- prevent the formation of deposits and varnishes on inlet valves and in combustion chambers
- disperse condensation water in order to avoid any fuel system oxidation and corrosion

Using MOTUL® ALL IN ONE ULTRA petrol will ensure:

- Reduction of fuel consumption and pollutant emissions
- Restoration of original engine power and performance
- Increased lifetime of fuel injection systems and exhaust after treatment systems
- Easy cold start and better driving comfort

MOTUL® ALL IN ONE ULTRA petrol is highly recommended before the vehicle technical inspection.

RECOMMENDATIONS

Pour the entire bottle of MOTUL® ALL IN ONE ULTRA petrol directly into the gas tank before refuelling the vehicle.

Drive normally until all the fuel has been used up, the entire fuel system will then be completely cleaned, from the tank to the injector and the combustion chamber.

MOTUL® ALL IN ONE ULTRA petrol is a concentrated product, one dose is sufficient for tanks from 50 liters.

Do not exceed the prescribed dose. If necessary, do 2 successive treatments instead.

To preserve the benefits of cleaning, then use MOTUL® ALL IN ONE ULTRA petrol regularly.

For best results, use MOTUL® ENGINE FLUSH pre-drain additive before every oil change.

SECURITY

Refer to the MSDS – Material Safety Data Sheet and the information mentioned on the product label.

Dangerous. Respect the precautions for use.
