

AUTO COOL CLASSIC -25

Ready to use cooling liquid Anti-corrosion & antifreeze Protection -25°C / -13°F Nitrite free / Amine free / Phosphate free

TYPE OF USE

MOTUL AUTO COOL CLASSIC -25°C is a ready to use cooling liquid, four seasons, based on monoethyleneglycol, using non-organic additives.

Recommended for all cooling systems: passenger cars, heavy duty, construction and agriculture vehicles, gardening, ships, stationary engines ...

PERFORMANCES

STANDARDS AFNOR NF R 15-601
BRITISH STANDARD BS 6580
SAE J1034

Contains a bitterness agent to prevent from drinking: coolants and antifreezes have a sweet taste but are harmful.

Protects the cooling system from freezing and metallic parts from corrosion.

Provides an excellent thermal exchange and increase engine cooling efficiency.

Seals, rubber pipes and plastic parts friendly.

RECOMMENDATIONS

Ready to use, do not add any water. Drain intervals: Refer to the manufacturers' recommendation. Do not mix with organic products. This product should not be used to protect drinking water systems against freezing. Attention, control or drain the coolant only when the engine is cold. Dangerous. Respect the use and handling recommendations.
