

BIOCLEAN LIQUID

WATER-BASED DEGREASER

DESCRIPTION

Universal ready-to-use biodegradable parts washer cleaner and degreaser for all types of mechanical components, machine parts, tools, etc.

We recommend using it with BIOCLEAN PARTS WASHER equipment, which is specially designed for it.

Unlike degreasing solvents, MOTUL BIOCLEAN LIQUID is a non-flammable fluid which degrades oily or greasy soils by micro-organisms to guarantee a long service life without saturation and fluid replacement.

MOTUL BIOCLEAN LIQUID is NSF C1 registered under No. 165861.

APPLICATIONS

With MOTUL BIOCLEAN LIQUID you can extend the operating time of your machine through microorganisms, with regular maintenance. Your work will be fast, effective and safe – no matter if manual or mechanical.

- Cleans aluminium, zinc-coated surfaces and non-ferrous metals as well as steel/stainless steel and plastics (such as PE).
- Solves medium to heavy cleaning and degreasing tasks (41 to 50 °C / 106 to 122 °F).
- Strong and versatile for virtually all materials, for medium to heavy soiling.
- Versatile in use in parts washers, parts washing machines and high-pressure parts washers.
- Environmentally friendly and safe, non-labelled, VOC-free.
- Compatible with oil separators.
- Easy disposal with other aqueous oil-water mixtures.

MOTUL BIOCLEAN LIQUID has been specially designed for closed-loop systems.

TECHNICAL INFORMATION

TECHNICAL CHARACTERISTICS	UNITS	METHOD	BIOCLEAN LIQUID
Color	-		Transparent
Density	-	ISO 12185	1
pH	-	NFT 60 187	8.0

These characteristics are given only for information and can be updated over time.

HEALTH AND SAFETY

- Free from Volatile Organic Compounds
- Unlabelled according to CLP regulation
- Good dermatological behavior for better user comfort
- Frost-free storage in a dry place, between 2°C and 35°C
- Refer to the MSDS sheet and the information mentioned on the packaging.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
