PERFORMANCES

MOTUL® Brake Clean is a water based, solvent free powerful and quick-drying brake degreaser for off road bicycles, mountain bikes, gravel...etc, conventional and electric.

Eco designed product especially formulated with readily biodegradable ingredients to clean brakes, brake disks, and pads residues, MOTUL® Brake Clean also removes mud, dirt, baked on brake glaze and greases from brake disks.

Restores breaking performance and get rid of unpleasant squealing.

Dissolves oil, grease and tar. Leaves no marks. VOC free. Hazardous free.

Evaporates very quickly leaving no marks.

Gentle on hands in case of contact.

100% recycled and recyclable plastic bottle.

RECOMMENDATIONS

Shake before use.

Spray from a short distance on the areas to be cleaned.

Respray on very dirty areas.

Evaporates very quickly.

Since MOTUL® Brake Clean is very powerful, it is not recommended to use it on plastics, painted or varnished surfaces.

We retain the right to modify the general characteristics of our products in order to offer to our customers the latest technical development.

Product specifications are definitive from the order which is subject to our general conditions of sale and warranty.

MOTUL BRAKE CLEAN OFF ROAD

Powerful solvent free water based degreaser for off road bicycle brakes and mechanical systems
Bottle with trigger spray – 300 ml

In case of use of MOTUL® Brake Clean on plastic, painted or varnished surfaces, then wipe off immediately with a soft and dry cloth.

- For regular cleaning:

Spray MOTUL® Brake Clean on a lint-free cloth. Scrub the brake disk and calipers. Wait 15 minutes for complete drying.

- Pro's tip:

Disassemble the brake disk, spray MOTUL® Brake Clean, scrub with a lint-free cloth and reassemble the brake disk.

SECURITY

Refer to the MSDS - Material Safety Data Sheet and the information mentioned on the packaging.
