

BRAKE CLEAN REFILL W

Super powerful non-chlorinated degreaser for brakes and mechanical systems
Anti-corrosion, anti-humidity, prevents jamming

TYPE OF USE

Brakes and clutches

Brake and clutch pad residue.

All mechanical parts and systems

Engine dismantling, levers, axes of brake, clutch mechanisms and shock absorbers, chain stops and adjusters, oil, grease, tar residue...

PERFORMANCES

Dissolves oil, grease and tar. Leaves no marks. No need to rub.

Evaporates very quickly leaving no marks.

RECOMMENDATIONS

Spray from a short distance on the areas to be cleaned.

Respray on very dirty areas.

Evaporates very quickly.

Since MOTUL BRAKE CLEAN is very powerful, do not use it on plastic, painting and varnish surfaces.

SECURITY

Refer to the MSDS sheet.
