

MOTUL RACING CHAIN LUBE

High-performance race bicycle chain lubricant

TYPE OF USE

MOTUL RACING CHAIN LUBE is a state-of-the-art, ultra-low friction lubricant engineered specifically for the rigorous demands of elite road racing. Utilizing an advanced synthetic formula, with **ESTER** technology, **MOTUL RACING CHAIN LUBE** brings the highest standards of lubrication for bicycle chains.

PERFORMANCES

Designed for victory and developed to meet elite performance standards, **MOTUL RACING CHAIN LUBE** maximizes your drivetrain's efficiency in racing conditions. Tested in the lab and validated by professional teams, it delivers optimal effectiveness where every watt matters.

- VERY LOW FRICTION – Drastically reduces friction.
- HIGH WEAR RESISTANCE – Provides long-lasting wear protection.
- SHIELD PROTECTION – Reliable performance in all conditions.
- ESTER TECHNOLOGY / BIO-SOURCED
- VOC free. Hazardous free.
- 100% Bio-sourced and recyclable plastic bottle.

RECOMMENDATIONS

For optimal performance, ensure your chain is perfectly clean and degreased-both on the surface and deep within the links. Apply **MOTUL® RACING CHAIN LUBE** to each link of your chain (rollers and plates), ensuring the lubricant penetrates fully, especially in high-friction areas.

Improve penetration by shifting through your gears several times before your ride, then wipe off any excess from the outside of the chain.

We retain the right to modify the general characteristics of our products in order to offer to our customers the latest technical development.

Product specifications are definitive from the order which is subject to our general conditions of sale and warranty.
