

MOTUL DPF CLEANER DIESEL

READY TO USE FLUID

DESCRIPTION

MOTUL DPF CLEANER DIESEL is a cleaner additive designed to be used in all types of Diesel engines, with direct or indirect injection, naturally aspirated or turbocharged, with DPF (Diesel Particulate Filter) and/or with SCR (Selective Catalytic Reduction) systems. MOTUL DPF CLEANER DIESEL effectively increases the performance of the DPF regeneration. Mixed with the Diesel fuel, it provides:

- Faster and more efficient cleaning of the DPF
- Restores original power and performance

provides a perfect lubrication during cleaning phase and prevents removed micro-particles from depositing. Moreover, it prevents from Diesel fuel oxidation and micro-organisms formation.

APPLICATIONS

A clean DPF system is a necessary condition for an effective engine functioning. By increasing DPF regeneration performance, MOTUL DPF CLEANER DIESEL allows to:

- Faster and more efficient cleaning of the DPF
- Maintenance of the cleanliness of the DPF
- Increased reliability

The use of MOTUL DPF CLEANER will ensure:

- Improved engine performance and driving pleasure
- Increased power: improved start-up, idling and acceleration
- Reduced fuel consumption and pollutant emissions at the exhaust

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
