

**E11 MATTE SURFACE CLEAN**

**Cleaner for matte surfaces**  
**Leaves a long lasting protective film**  
**Spray**  
**Aerosol**

**TYPE OF USE**

Dry cleaner spray for matte plastic and matte painted surfaces.  
Fairing, plastics, dashboard, mudguards, fenders, bumpers, paints, ...  
Restores homogeneous mat looking as new on all matte surfaces.

**PERFORMANCES**

Cleans, removes dust and revives colors of all matte surfaces.  
Gives a flat, matte, non-sticky finish.  
Leaves a protective wax film for long lasting effect.  
Contains a protective UV filter to avoid fading due to sunlight.  
Leaves no traces for a perfect result.

**RECOMMENDATIONS**

Before use, if the motorcycle is very dirty wash with MOTUL MOTO WASH.  
Shake MOTUL MATTE SURFACE CLEAN before use.  
Spray on the surface to be treated from a distance of 20 cm approx.  
Spread with a clean and soft cloth.  
Leave to dry for 3 minutes and then wipe.  
Polish with a clean and soft cloth for a perfect finish.  
MOTUL MATTE SURFACE CLEAN is for use on matte surfaces only.  
Do not use in direct sunlight and apply on cold surfaces only.  
Use without rinsing.
