PERFORMANCES

MOTUL® EZ Lube is a multi-purpose lubricant for bicycles specially formulated with readily biodegradable ingredients with excellent capillarity that penetrates even the tightest surfaces to dissolve the toughest greases and oils, and leaving a lubricating protective film..

MOTUL® EZ Lube forms a thick, anti-corrosive and long-lasting lubricating protective film. Penetrant properties suitable for all bicycles moving parts (pedals, cables, ...) and mechanical parts (bolts, nuts, ...).

MOTUL® EZ Lube is an eco-designed product featuring a petroleum-free, VOC-free (Volatile Organic Compound) formula using a 100% recycled and fully recyclable plastic bottle.

We retain the right to modify the general characteristics of our products in order to offer to our customers the latest technical development.

Product specifications are definitive from the order which is subject to our general conditions of sale and warranty.
