

MOTUL FUEL SYSTEM CLEAN MOTO

READY TO USE FLUID

DESCRIPTION

MOTUL FUEL SYSTEM CLEAN is designed to be used in all types of engine with injection or carburetors, with or without catalytic converter, using all kind of gasoline. MOTUL FUEL SYSTEM CLEAN effectively cleans dirtying and clogging which appear in the whole fuel system:

- condensation in the fuel system
- gumming in the carburetor
- injector nozzle fouling
- dirtying of combustion chambers and inlet valves

MOTUL FUEL SYSTEM CLEAN provides a perfect lubrication during cleaning phase and prevents removed micro-particles from depositing.

APPLICATIONS

A clean fuel system is a necessary condition for an effective engine running. MOTUL FUEL SYSTEM CLEAN allows to:

- clean the carburetors or the injectors (for a better atomisation)
- prevent the formation of deposits and varnishes on inlet valves and in combustion chambers
- disperse condensation water in order to avoid any fuel system oxidation

A regular use will provide:

- optimum engine performances
- buck-free running (better rev raisings)
- fuel savings
- increased lifetime of fuel system and catalytic converter
- reduction of exhaust pollutants emissions

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
