

## HONDA BF LUBE 10W-30

SYNTHETIC BASE

### DESCRIPTION

Technosynthese® lubricant specially designed for use in HONDA outboard 4 stroke marine engines.

### APPLICATIONS

Multigrade Technosynthese® engine oil SAE 10W-30, reinforced with a synthetic base stock to increase lubricating properties and decrease frictions and wear.

- High detergency and dispersive properties to neutralise acid residues created by fuel combustion, and to prevent from deposit formation.
- Better resistance at hot temperature and better shear stability in order to maintain optimum lubrication at high engine speed and full load.
- Reinforced anti-corrosion additivation to increase engine life and protect engine during wintering.
- Anti Oxidation, anti foam.

### SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

#### Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on [www.motul.com](http://www.motul.com).

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
