

MOTUL H-TECH 100+ 5W-30

100% SYNTHETIC BASE

DESCRIPTION

100% synthetic lubricant specially formulated for recent gasoline engines, featuring the latest lubricant technology to meet API SP and ILSAC GF-6A specifications. Improves fuel economy performance, protects vehicle emission system components and turbocharger. Provides excellent oxidation control, sludge control, and piston cleanliness.

Suitable for all gasoline engines using leaded or unleaded gasoline, E85, LPG or Autogas fuel in all driving conditions.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
