

MOTULTECH MT STORE PROTECT

Rust Preventatives

SOLVENT BASE

DESCRIPTION

MT STORE PROTECT is a waxy rust preventative fluid, for protection of metals based on the last generation of barium free additives. They provide excellent protection and water displacement properties without hazardous components.

MT STORE PROTECT is recommended for medium to long term protection of metallic parts and assemblies stored indoor or outdoor under shelter.

APPLICATIONS

MT STORE PROTECT is designed for medium to long term corrosion protection of every kind of metallic parts, assemblies and machinery stored indoor or outdoor under shelter. The product forms a very thin waxy film on the parts and displace all the water present on the parts surface that might generate corrosion

The properties of **MT STORE PROTECT** dedicate it to the protection of parts for storage or transportation.

MT STORE PROTECT can be applied by dipping or spraying.

ADVANTAGES

- Medium to long term protection.
- Indoor or outdoor storage under shelter.
- Thin film protection : 2 µm.
- Displace water from part very quickly.
- Slow evaporation rate.
- Fast desemulsification from water when dipping parts into bath.
- Low smell.

TECHNICAL INFORMATION

TECHNICAL CHARACTERISTICS	UNITS	METHOD	MT STORE PROTECT
Aspect	-		Liquid
Corrosion Protection (on laminated steel bar)	hours		18 Indoor protection / 6 Outdoor protection (under shelter)
Corrosion Protection (on laminated steel bar)	hours	ASTM D1748	> 60 Humidity cabinet
Corrosion Protection (on laminated steel bar)	hours	ASTM B117	> 32 Salt Spray
Residual Film Thickness	µm		2.0
Coverage	m ² /kg		140.0
Storage	-		Sheltered from frost

These characteristics are given only for information and can be updated over time.

HEALTH AND SAFETY

- Without barium or hazardous components
- Based on low odor raw materials.
- High flash point : 114 °C

INSTRUCTIONS

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
