

MOTUL RADIATOR CLEAN

READY TO USE FLUID

DESCRIPTION

MOTUL RADIATOR CLEAN is designed to be used in all types of Gasoline and Diesel engines, naturally aspirated or turbocharged, with or without catalytic converter, using all kind of fuel. MOTUL RADIATOR CLEAN effectively cleans deposits and clogging which appear in the engine cooling circuit. The removed deposits and micro-particles are then evacuated at the time of the coolant drain. MOTUL RADIATOR CLEAN provides a perfect lubrication during cleaning process of the coolant circuit. Recommended for use in all liquid cooled, closed cooling systems as in passenger cars, commercial vehicles... and industrial heat exchangers. Improves heating and cooling performance. Increases the operational liability of the cooling system and extends the life span of all components.

APPLICATIONS

MOTUL RADIATOR CLEAN, added to engine cooling circuit before draining, allows to:

- Removes deposits in the entire cooling circuit caused by operating conditions.
- Cleans the complete cooling system
- Dissolves and removes scale and radiator sludge
- Improves the performance of valves, thermostats and water pumps
- Decreases engine temperature

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
