

MOTULTECH SAFCO KLEEN 60

Degreasing Agent

DESCRIPTION

SAFCO KLEEN 60 is compatible with all metals, including coated or precious metals.

SAFCO KLEEN 60 can be used on most thermoplastics and plastics which are impervious to organic solvents. Can be used on most composites. Has no effect on glass or ceramics. Can be used pure, at room temperature, by any manual process using a cloth, pad or a brush. Can be used in an A3 class machine.

APPLICATIONS

Cleaning of neat, soluble mineral origin, synthetic lubricants, or metal working oils by deformation or cutting. Cleaning of fat or soap grease.

Eliminates temporary protection products such as oily or waxy silicone oils. Cleans polluted substrates, organic or inorganic compounds, before assembly, before chemical or electrochemical surface treatment, before painting or gluing.

Cleaning of polluted electrical equipment in accordance with regulations. Cleaning of electric motors.

ADVANTAGES

- Compatible with all metals, including coated or precious metals.
- Compatible with most thermoplastics and plastics.
- Can be used on most composites.
- High flash point.

TECHNICAL INFORMATION

TECHNICAL CHARACTERISTICS	UNITS	METHOD	SAFCO KLEEN 60
Self-Ignition Point	°C	ASTM E 659	230.0
Evaporation	min		42.0
KB Value	-	ASTM D1133	33.0

These characteristics are given only for information and can be updated over time.

INSTRUCTIONS

It is essential to consult the safety data sheet before using this product. Remove all ignition points while the product is in use, and in particular avoid using the product on an incandescent body or on a hot surface. Do not use during vapor phase. Avoid all splashing onto cloth to avoid wicking. No smoking. Do not allow the product to leak into the mains drainage system after use. Use in a well-ventilated space.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
