

MOTUL SCOOTER GEAR 80W-90

Mineral Base

DESCRIPTION

Specially designed for the heavy loaded working conditions of scooter and moped transmissions.

Adapted packaging size for easy carrying on the scooter or the moped and for easy oil top-up.

APPLICATIONS

Very high lubricating power to withstand successive full speed start-ups and stops in city driving conditions.

Oil film thickness remains sufficient in various driving conditions, idle, sharp acceleration, and full power.

Extreme Pressure (EP) and anti-wear additives to increase gear set lifetime operating under very high revolutions (gear reduction) and shocks during riding (rear wheel lock-up).

Excellent anti-corrosion, anti-oxidation and anti-foam power.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
