

SUPRACO 5040

Neat Cutting Oil

NEAT - HIGH EP**DESCRIPTION**

SUPRACO 5040 is a neat cutting oil specially developed for all hard machining on ferrous metals.

BÉNÉFICES

- Very high lubricating properties and Extreme Pressure capacity
- High flash point
- Can be used for machining operations and machine-tool lubrication
- Increase tool life
- Easy removal of SUPRACO 5040 with conventional washing procedures

SÉCURITÉ

- Free from organo-chlorinated additives
- Good dermatological behaviour and easy to use
- The use of SUPRACO 5040 is not advised for the machining of non-ferrous metals

PERFORMANCES

SUPRACO 5040 is best suited for use on machine tools whose cutting system is nozzle lubricated, during operations at low to medium cutting speeds, and on small to medium-sized parts.

SUPRACO 5040 is designed for use during difficult operations involving broaching, gear cutting and shaving as well as deformation on high alloy steel including steel with high nickel or chrome content (Inconel, stainless steel, titanium).

SUPRACO 5040 is also suitable for machining operations on high alloy steel and it is a useful replacement for products with a high chlorine content.

TECHNICAL INFORMATION

NAME	METHOD	SUPRACO 5040
Couleur	Visuel	Ambre
Aspect		Transparent
Densité à 20°C (68°F)	ISO 12.185	0.902 kg/L
Point éclair	ASTM D92	>190 °C
Point d'écoulement	ASTM D97	-20,0 °C
Copper Stripe Corrosion	NTF M 07105	4C
Storage		in frost-free, dry place

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

RECOMMENDATIONS

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary. The safety data sheet of this product is available at www.motul.com
