

TOP KLEEN

**Degreasing and cleaning solvent
for engines and metallic parts.**

TYPE OF USE

MOTUL TOP KLEEN is ready to use.
Specially designed for degreasing cisterns.

PERFORMANCES

- Very efficient degreasing power on all types of ferrous metals.
- Totally inert towards non ferrous metals: Copper corrosion: 1a.
 - Outstanding wetting properties.
 - Clinging and heady odourless solvent.
 - Fast drying which removes totally greasy film.
 - Do not need a later water rinsing.
 - Very good oxidation stability.
 - Fully transparent formulation which allows to follow easily fluid ageing.

RECOMMENDATIONS

- High flash point: 65°C / 149°F (Pensky-Martens closed cup).
- Environment friendly: very low aromatic content 0.05% weight.
- Lowered benzene content : 5 ppm weight.
- Because of use in degreasing cisterns, contact with skin is strongly reduced and so skin irritation is virtually nil.
