

MOTUL TUBELESS TIRE SEALANT TOUR DE FRANCE

MOTUL Tubeless Tire Sealant: No more punctures, enjoy your outings to the fullest!
Bottle with nozzle – 500 ml

TYPE OF USE

MOTUL Tubeless Tire Sealant - Preventive Liquid for Tubeless Road Bike Tires

MOTUL Tubeless Tire Sealant is an innovative and effective solution to protect your tubeless road bike tires against punctures. Its sticky formula adheres perfectly to the sidewalls of the tires, sealing the porosities and ensuring optimal sealing. This preventive liquid prevents small to medium punctures, maintains tire pressure and extends their life.

PERFORMANCES

Features:

Sticky Formula: Adheres to the sidewalls and seals the porosities of tubeless tires for optimal sealing.

Preventive Action: Automatically and firmly seals punctures as they occur.

Long-Lasting: Effective for up to 9 months in temperate climates and up to 5 months in arid and hot climates.

Eco-Responsible: Product designed with non-toxic ingredients and without Volatile Organic Compounds (VOC).

Safety: Non-toxic and safe liquid for the user.

Sustainable Packaging: 100% recycled and recyclable plastic bottle.

Official Product: Official product of the Tour de France, approved by the pros.

Benefits:

Puncture Prevention: Effectively protects against small to medium punctures, ensuring the correct pressure in your tires throughout your ride.

Pressure Maintenance: Maintains tire pressure for optimal performance.

We retain the right to modify the general characteristics of our products in order to offer to our customers the latest technical development.

Product specifications are definitive from the order which is subject to our general conditions of sale and warranty.
