

MOTUL VALVE & INJECTOR CLEAN

READY TO USE FLUID

DESCRIPTION

Dedicated intake valve and injector cleaner especially developed to eliminate deposits and varnishes on intake valves and injector nozzles. Removes contaminations in the entire petrol injection system caused by operating conditions and ensures effective cleaning of the valves, injector nozzles and the intake manifold without disassembling.

APPLICATIONS

MOTUL Valve and Injection Clean improves the engine performance and provides a powerful and stable combustion. Reduces the fuel consumption and optimizes the exhaust gas emissions. Considerably extends the engine life span and ensures smooth engine running.

SERVICES AND EQUIPMENT

In addition to its product ranges, MotulTech can provide tools and services for the maintenance and monitoring of your lubricants. Please contact your technical sales representative for more information.

Important Notice

All information and rules about health, safety and the environment are mentioned on the safety data sheet. It provides information about risks, safety procedures and first aid emergency rules. It clarifies all procedures to implement in the case of an accidental spillage, and for the disposal of the product and its effects on the environment. The safety data sheet is available on www.motul.com.

Our product contains natural additives which are likely to modify the colour of the concentrates without altering its performance. The specifications of our products are definite only at the time of order, and are subject to our general sale and guarantee conditions. To give our customers the latest technical developments, the general characteristics of our products may vary.
