

## MOTUL WHEEL CLEAN +

**Cleaner for all type of wheel & rims**  
**Ferrous decontaminant with color effect**  
**Non-aggressive color change formula**  
**Trigger spray**

### TYPE OF USE

MOTUL® Wheel Clean + is a cleaner specially developed to safely and effectively remove all dirt and grime from all types of rims materials (aluminum, metal, painted, chrome, varnished, etc....), plastic wheel covers and fitted trims. Its exclusive ferrous decontaminant neutral formula (pH 7) featuring color change active foam allows easier and more efficient application. Suitable for all types of cars.

### PERFORMANCES

MOTUL® Wheel Clean + is a ferrous decontaminating cleaner that removes iron particles, mainly coming from brake pad dust, accumulated on rims and plastic wheel covers. The exclusive balanced formula (pH 7) of MOTUL® Wheel Clean + features red color-changing active foam which dissolves efficiently dirt, greases, oils and brake dust residues on the rims as well as turning them red. Protects paint and varnish. Non aggressive concentrated formula with fresh scent.

### RECOMMENDATIONS

Parameterwert  
"Empfehlungen"  
von Produktreihe  
"WHEEL CLEAN  
CC"

Pre-rinse the rims with clear water.

Spray MOTUL® Wheel Clean + about 20 cm (7-8 inch) away from the wheel.

Let sit for 3 min. approx. till the color of the product changes. Do not allow the product to dry.

We retain the right to modify the general characteristics of our products in order to offer to our customers the latest technical development.

Product specifications are definitive from the order which is subject to our general conditions of sale and warranty.
